OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions and Amendments: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions and amendments.

SUMMARY: In September 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative's determination to grant certain exclusions and make technical amendments to previously announced exclusions.

DATES: As stated in the September 20, 2019 notice, product exclusions will apply from September 24, 2018 to August 7, 2020. The amendments announced in this notice are retroactive to the date the original exclusions were published and do not extend the period for the original exclusions. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent *ad valorem* duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$200 billion. See 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. See 84 FR 20459. On June 24, 2019, the U.S. Trade Representative established a process by which stakeholders could request exclusion of particular products classified within an eight-digit HTSUS subheading covered by the \$200 billion action from the additional duties. See 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant eight-digit HTSUS subheading covered by the \$200 billion action. Requestors also had to provide the ten-digit HTSUS subheading most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and, specifically, whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.

- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.

- Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the \$200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative periodically would announce decisions. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. *See* 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September, October, November and December 2019, and January, February, March, April, May, June and July 2020. *See* 84 FR 49591; 84 FR 57803; 84 FR 61674; 84 FR 65882; 84 FR 69012; 85 FR 549; 85 FR 6674; 85 FR 9921; 85 FR 15015; 85 FR 17158; 85 FR 23122; 85 FR 27489; 85 FR 32094; 85 FR 38000; 85 FR 42968. The Office of the United States Trade Representative regularly updates the status of each pending request on the Exclusions Portal at <https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005>.

B. Determination To Grant Certain Exclusions

Based on evaluation of the factors set forth in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests. As set forth in the Annex, the exclusions are reflected in two specially prepared product descriptions that respond to two exclusion requests. In accordance with the June 24 notice, the exclusions are available for any products that meet the description in the Annex, regardless of whether the importer benefitting from the product exclusion filed an exclusion request. Further, the scope of an exclusion is governed by the scope of the product descriptions in the Annex and not by the product description found in any particular request for exclusion.

C. Technical Amendments to Exclusions

Paragraph A of the Annex contains eight technical amendments to U.S. note 20(qq)(100), U.S. note 20(ll)(17), and U.S. notes 20(yy)(78)-(83) to subchapter III of chapter 99 of the HTSUS, as set out in the Annexes of the notices published at 84 FR 57803 (October 28, 2019), 85 FR 6674 (February 5, 2020), and 85 FR 27489 (May 8, 2020).
