TO ALL INTERESTED PARTIES

Re: Quantity and Value Questionnaire for the Antidumping Duty Investigation of Certain Collated Steel Staples from the People's Republic of China

On June 26, 2019, the Department of Commerce (Commerce) initiated an antidumping duty investigation to determine whether certain collated steel staples from the People's Republic of China (China) are being sold in the United States at less than fair value.

In advance of the issuance of the antidumping questionnaire, Commerce asks that you respond to the questions in Attachment I to this letter. Attachment I requests information on the quantity and U.S. dollar sales value of all your sales to the United States during the period October 1, 2018, through March 31, 2019, of merchandise covered by the scope of this investigation and produced in China. A definition of the scope of the investigation is included in Attachment II to this letter. General instructions for responding to this letter are contained in Attachment III. Pay close attention to the formatting requirements outlined in Attachment III. Responses not meeting these requirements will be rejected.

Your response is due to Commerce no later than **5 pm Eastern Standard Time, July 11, 2019**. Due to time constraints in this investigation, Commerce will be very limited in its ability, if at all, to extend the deadline for the response to the attached quantity and value questionnaire. All submissions must be filed in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) (*see* Attachment III). Emailed responses will not be accepted. In addition, all submissions must also be served on the appropriate interested parties to this investigation. A list of interested parties may be found at ACCESS.

In general, Commerce has found that, determinations concerning whether companies should be "collapsed" (*i.e.*, treated as a single entity for purposes of calculating antidumping rates), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. As such, Commerce will not consider requests to collapse companies at the respondent selection phase of an investigation. Therefore, for purposes of respondent selection, report volume and value data separately. Data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

Be advised that receipt of this letter does not indicate that you will be chosen as a mandatory respondent nor guarantee a separate rate status. Your response to this letter may be subject to on-site verification by Commerce officials. In the unlikely event that you have received this questionnaire after the deadline to respond, you must contact Commerce official identified in the questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in the

presumption that you chose not cooperate by not acting to the best of your ability to comply with the request for information. In this case, Commerce may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

Should you have any questions, contact Sergio Balbontin at (202) 482-6478 or Bill Horn at (202) 482-4868 if you have any questions or comments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rebecca Trainor". The signature is fluid and cursive, with a long horizontal stroke at the end.

Section 777A(c)(1) of the Tariff Act of 1930, as amended (Act), directs Commerce to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise, as is the case in this investigation, section 777A(c)(2) of the Act permits Commerce to examine either: (1) a sample of exporters, producers or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

In advance of the issuance of the full antidumping questionnaire, we ask that you respond to Attachment I which requests the quantity and U.S. dollar sales value (Q&V) of all your sales to the United States during the period October 1, 2018, through March 31, 2019, of merchandise covered by the scope of this investigation (*see* Attachment II) and produced in China. A full and accurate responses from all participating respondents is necessary to ensure that Commerce has the requisite information to appropriately select mandatory respondents.

Commerce is also requiring all firms that wish to qualify for separate-rate status in this investigation to complete a separate-rate status application, in addition to submitting a timely response to this Q&V questionnaire, as described in the Notice of Initiation. Firms to which Commerce issues a Q&V questionnaire must submit a timely and complete response to the Q&V questionnaire, in addition to a timely and complete separate rate application to receive consideration for separate-rate status. Commerce will not consider any timely separate rate application made by parties to whom Commerce issued a Q&V questionnaire but who do not respond in a timely manner to the Q&V questionnaire. The separate rate application as well as the due dates by which Commerce must receive the application can be found on Commerce's website at <http://enforcement.trade.gov/nme/nme-sep-rate.html>. The dates by which Commerce must receive your separate rate application are also identified in the Notice of Initiation.

A definition of the scope of the merchandise subject to this investigation is included in Attachment II, and general instructions for responding to this Q&V questionnaire are contained in Attachment III. Use the check list in Attachment V to ensure you have fully complied with all filing requirements. Your response to this questionnaire may be subject to on-site verification by Commerce officials.

ATTACHMENT I
FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the chart below, provide the total quantity in kilograms (KG) and total value (in U.S. dollars) of all your sales to the United States during the period **October 1, 2018, through March 31, 2019**, of merchandise covered by the scope of this investigation (*see* Attachment II), produced in China.¹

Include only sales exported by your company directly to the United States. However, if your company made sales to third-countries for which you have knowledge that the merchandise was ultimately destined for the United States, separately identify these sales quantities and the countries to which you made the sales. Do not include any sales of subject merchandise manufactured in Hong Kong in your figures.

Do not report aggregate data for all of the companies that you believe should be treated as a single entity but, rather, separately report your company's Q&V data below. Q&V data pertaining to other, possibly affiliated companies, that you believe should be treated together with your company as a single entity should be separately reported by those companies.

Market: United States	Total Quantity in kilograms	Terms of Sale ²	Total Value ³ (U.S. Dollars)
1. Export Price ⁴			
2. Constructed Export Price ⁵			
3. Further Manufactured ⁶			
Total			

¹ Use the invoice date when determining which sales to include within the period noted above. Generally, Commerce uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of your company's sales during the designated period, report sales based on that date and provide a full explanation.

² To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

³ Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

⁴ Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.

⁵ Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States. If you have sales of further manufactured merchandise, report them under Item 3, rather than under Item 2.

⁶ "Further manufactured" refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.

ATTACHMENT II
DESCRIPTION OF PRODUCTS UNDER INVESTIGATION

The merchandise covered by the scope of these investigations is certain collated steel staples. Certain collated steel staples subject to these investigations are made from steel wire having a nominal diameter from 0.0355 inch to 0.0830 inch, inclusive, and have a nominal leg length from 0.25 inch to 3.0 inches, inclusive, and a nominal crown width from 0.187 inch to 1.125 inch, inclusive.

Certain collated steel staples may be manufactured from any type of steel, and are included in the scope of the investigations regardless of whether they are uncoated or coated, and regardless of the type or number of coatings, including but not limited to coatings to inhibit corrosion.

Certain collated steel staples may be collated using any material or combination of materials, including but not limited to adhesive, glue, and adhesive film or adhesive or paper tape.

Certain collated steel staples are generally made to American Society for Testing and Materials (ASTM) specification ASTM F1667-18a, but can also be made to other specifications.

Excluded from the scope of these investigations are any carton-closing staples covered by the scope of the existing antidumping duty order on Carton-Closing Staples from the People's Republic of China. *See Carton-Closing Staples From the People's Republic of China: Antidumping Duty Order*, 83 FR 20792 (May 8, 2018).

Certain collated steel staples subject to these investigations are currently classifiable under subheading 8305.20.0000 of the Harmonized Tariff Schedule of the United States (HTSUS).

While the HTSUS subheading and ASTM specification are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive.

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce's ACCESS website at <http://access.trade.gov>. If an exception to the electronic filing requirement applies, you must address and manually submit your response to the address indicated on the cover page of this questionnaire. To determine if your response qualifies for manual filing, see the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this questionnaire. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:
 - a. on the first line, indicate the case number stated on the cover page to this questionnaire;
 - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
 - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, etc.) and, if applicable, indicate the complete period covered (MM/DD/YY - MM/DD/YY);
 - d. on the fourth line, indicate the Commerce office conducting the proceeding;
 - e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business

proprietary/public status of the document and whether you agree or object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:

- “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to Quantity & Value questionnaire,” “case brief.”
 3. Prepare your response in typed form and in English (*see* 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
 4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (*e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and CVD proceedings).

C. Manual Filing

1. **All submissions must be filed electronically.** Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:
 - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
 - Data files greater than 20 MB must be filed manually on CD-ROM or DVD.
 - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. Commerce will provide notice of such technical failures on the ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is <http://www.trade.gov/enforcement>.

- Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c), and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
 3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
 4. Manual submissions must be addressed and submitted to:

Secretary of Commerce
Attention: Enforcement and Compliance, AD/CVD Operations Office VIII
APO/Dockets Unit, Room 18022
U.S. Department of Commerce
Fourteenth Street and Constitution Avenue, N.W.
Washington, D.C. 20230

D. Certification

1. Submit the required **certification of accuracy**. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.
2. Provide the required **certificate of service** (included as an appendix) with each business proprietary document and public version submitted to Commerce.
3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence

and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce's regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.

2. Utilize the "one-day lag rule" under 19 CFR 351.303(c)(2) if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (19 CFR 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (19 CFR 351.303(c)(2)(i)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the "one-day lag rule" in the preceding paragraph), submit the public version of your response (19 CFR 351.303(c)(2)(i)(iii)). A public version must contain:
 - a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
 - b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

***Note:** The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.*

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to

representatives of parties (*e.g.*, legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:

- a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
- b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO (*e.g.*, May Be Released Under APO or May Not Be Released Under APO). (*See* section 351.304 of Commerce’s regulations for specific instructions.⁷)

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are maintained at ACCESS. If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

Note: A chart summarizing AD/CVD document filing requirements can be found at <http://enforcement.trade.gov/filing/index.html>. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at <http://enforcement.trade.gov/apo/index.html>.

⁷ If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (*see* 19 CFR 351.304(d)). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.
